We had a great banquet here with my family last Saturday night. The staff were efficient and attentive, the food was sensational and the small dining room had a great buzz about it. Good fun !. What [User](#) doesn't like about Aloft:

I must say that this visit did not meet our expectations. We had the pescageterian menu and only one of the dishes offered provided some wow factor. The others were rather bland and I for one came away hungry. I certainly expected more for a \$75 menu. If the view is of interest, then go at lunchtime, not in the evening. In nice weather you can even eat and drink in the outdoor area, And into the accessible spaces also come customers with wheelchairs or physical limitations. If you crave for sweets, Aloft with its **magical desserts** can easily make an end of it, Additionally, they provide you authentic Australian menus with products like bush tomatoes and finger limes. In addition, they offer you *tasty [seafood menus](#)*, At the bar, you can unwind with a *[freshly tapped beer](#)* or other alcoholic and non-alcoholic drinks.
