Tasty food typical of the cuisine. Takeaway was flying out the door. We dined in and the service was the best I've seen in a long time! Food came out fast and the ambience is perfect for an intimate dinner. Will come back soon. What [User](#) doesn't like about Golden Chopsticks Chinese Restaurant:

I felt like I was back in the 1970s. The food is typical of that era, when we thought "special fried rice" was all there was to Chinese cuisine! If you are looking for more sophisticated, more modern or more authentic dining, then forget this place. The restaurant is accessible and can therefore also be used with a wheelchair or physical limitations, Depending on the weather, you can also sit outside and be served. With **typical Asian spices tasty** traditional courses are prepared in the kitchen of Golden Chopsticks Chinese Restaurant in Mount Gambier, and you can indulge in delicious American dishes like [Burger or Barbecue](#). Here they also grill **South American** fresh seafood, meat, as well as corn and rice, Furthermore, the visitors love the inventive combination of different dishes with new and partially experimental products - a nice example of successful Asian Fusion.
