Bought one 12 dollar fish and chips to share. Fish was excellent. Golden battered you could see that it had been cooked in fresh oil or whatever they cook them in anyway it was fresh and delicious. Comes with chips and they were hot and crispy on outside just a great lunch of fish and chips. It was enough for both of us. Didn't have to wait long although the shop was pretty much full. Thanks. Besides Fish Chips, you can get Rosie's Chicken here too. While waiting for the food, I walked about the shop and there was jewellery on display for sale. Food was served reasonably fast. However, the food was pretty average. The fish was quite chunky...and batter not too bad but the other [seafood](#) not as good. Chips were OK only as well. [read more](#).
