Smallwater Estate is a picturesque winery and restaurant located in the eastern side of the Geographe Wine Region, just south of Donnybrook in Western Australia. Established in 1993 by John Small and his late wife Robyn, the estate originally focused on growing contract grapes for renowned wineries. However, in 2005, the decision was made to produce their own wine under the Smallwater Estate label. Their first vintage in 2006 was a Zinfandel, and since then, the production has grown to include a variety of award-winning red wines. In 2011, Smallwater Estate opened their Cellar Door and Restaurant, offering a menu that features freshly caught marron from the estate dams and locally sourced produce that perfectly complements their wines. Visit us to enjoy a unique dining experience in the heart of Western Australia's wine country.
