I've been here a few times now and the service and food are always great. This is a rare find in that the gluten free bread is actually super tasty and is cheaper than the non gf breads. The slices are smaller as you would expect for gf but for \$10 it's great value. [read more](#). What [Marina Armstrong](#) doesn't like about Reuben Republic:

Reuben mostly does unique American style sandwiches; I had the east coast ruben, it was okay but the pork cracking was horrible, it was super tough and almost broke a tooth trying to chew it. The smoothie was delicious! The staff are friendly and always happy to answer questions. I probably won't be going back again as wasn't too pleased with the food. It is a lovely atmosphere so worth checking it out for yourself. [read more](#).
