What [Marcelina Schroeder](#) likes about Krua Thai:

Dropped in for a quick dinner. Tom Yum was perfect...sweet and sour with plenty of flavour. The three musketeers [seafood](#) pancake was outstanding and all so cheap. Highly recommended if you're in the mood for good Thai. [read more](#). When the weather is nice you can also have something outside, And into the accessible spaces also come visitors with wheelchairs or physical disabilities. What [Ebony Parker](#) doesn't like about Krua Thai:

Seriously, did they ever try to eat their own food before they put on the menu? Tried crispy chicken basil and it was so salty. I had to walk out. The cooks/ chefs are disgrace to serve food that I doubt they would eat themselves. Save your time and money. Go somewhere else. An embarrassment to Thai cuisine. If I can give a ZERO grade, I would. Very disappointed. [read more](#). It's definitely always an experience to be in a typical saloon and to eat; to feel like a cowboy for once with a chilled drink and also the **finger food like crispy fries, onion rings or a delicious burger**, Here, Thai meals are prepared with the popular spices and (fish-) sauces. The **Asian fusion cuisine** is likewise an important part of Krua Thai. Anyone who finds the everyday and generally known dishes too boring can here approach with a willingness to experiment and try some exciting combination of ingredients consume, On the menu there are also several Asian meals.
