What [فرلاس اعلم](#) likes about Café Cavallino:

This restaurant is unmistakably Italian, the photos of Ferrari, the name "Cavallino" and featuring red in the furnishing makes this unmistakably authentic. The food ordered came out promptly and was good quality. The service was attentive without being over the top. The style of [pizza](#) was not minimalistic, and had a good balance of flavors. A pleasant experience - all round good. [read more](#). The diner is accessible and can therefore also be used with a wheelchair or physiological disabilities, Depending on the weather, you can also sit outside and eat and drink. What [PatG](#) doesn't like about Café Cavallino:

Literally one of the worst meals I've ever had. Everything was disgusting my family and I did not finish our plates.

The dish that I tried to order was not available so the waiter recommended another one and it was absolutely disgusting. [read more](#). In Café Cavallino in Melbourne, they prepare *crispy* [pizza](#) using a time-honored method, served straight out of the oven, [tasty vegetarian meals](#) are also in the menu available. At the bar, you can also relax after the meal (or during it) with an alcoholic or non-alcoholic drink, Furthermore, you can get sweet treats, cake, simple snacks and chilled refreshments and hot beverages here.
