What [User](#) likes about Room 10: I popped in here for a quick breakfast, as I had heard good things about the coffee....which was true, the coffee is great!The place itself is quite pokey with small tables and chairs and an open prep area. There is no real kitchen, so the menu is more put together from pre-prepared items than cooked, but was tasty all the same. [read more](#). The place also offers the possibility to sit outside and have something in nice weather, And into the accessible rooms also come visitors with wheelchairs or physiological limitations. What [simonandpaula](#) doesn't like about Room 10:

No care or empathy for customers who are waiting patiently for the food they offer. A complete disgrace. [read more](#).
