We stopped here for lunch when travelling through and had a delicious lunch and a really great coffee. The cafe is very spacious and we'll set out. They have a varied menu with locally supplied foods. Our frittata and salad was tasty and a large serving as was the sausage roll. The staff were welcoming and very friendly. Will definitely stop there again, it's worth it for the great coffee alone! [read more](#). In pleasant weather you can even have something in the outdoor area, And into the accessible rooms also come clientele with wheelchairs or physical disabilities. What [User](#) doesn't like about Eat Live Fresh:

It was a VERY hot Thursday, we decided to go into the (very nice) Cafe because it so hot outside. Much to our surprise, it was hotter inside the Cafe than outside! The food was very nice, staff were lovely (and very apologetic), but to be honest I really couldn't wait to get outside (to the lesser heat!!!) The staff said they had every air con going, but this was no where near enough. [read more](#). Perfectly pairing with the meals of the establishment are the fresh and tasty **juices** on the drinks menu, Additionally, you save time with the diversity of ready-to-serve delicacies, without influencing the enjoyment. Typically, the burgers of this place are served as highlights along with filling side dishes like french fries, leaf and cabbage salads or wedges, here they serve a *diverse brunch* in the morning.
