At The Banyan from Siolim you can **save delicious vegetarian courses**, in which no animal meat or fish was processed. Furthermore, the guests love the creative combination of different dishes with new and partially experimental ingredients - a nice example of successful **Asian Fusion**. In Korea, Korean dishes such as Kimchi, Bap and Jjigae are considered traditional and have a special place on the menu card and the plates of the guests, meals from Thailand are prepared here with the popular spices and (fish-) sauces.
