This is the real deal. The miso comes out hot so be careful. The sashimi salads are wonderful and beautifully fresh. The best fish available. Simple setting, great food and authentic Japanese cuisine. [read more](#). When the weather is pleasant you can also eat outside. What [User](#) doesn't like about I Dream of [Sushi](#): I was keen to try this place based on reviews. The [sushi](#) I had was very tasty but there were only limited hand roll flavours available as the cabinet was quite small. There did not appear to be any nigiri or seaweed salad available which was a shame. Service was nothing to write home about; staff came across as a bit too busy & important to be friendly. Wouldn't rush back. [read more](#). I Dream of [Sushi](#) from Moonee Ponds creates for you *scrumptious sushi* (e.g., *Nigiri and Inside-Out*), in addition to many additional variations, always fresh with ingredients like fish, vegetables and meat. On the daily specials there are also several Asian meals. The **Asian fusion cuisine** is also an important part of I Dream of [Sushi](#). Anyone who finds the normal and generally known dishes too ordinary should approach with a willingness to experiment and try some exciting combination of ingredients taste, and healthy Japanese meals are being made with lots of fresh vegetables, fish and meat.
