What [User](#) doesn't like about Upper Ross: 14Nov We experienced the new menu. I orted for entree Salt and Pepper Squid for \$8.00 got 6 pieces of squid that you could not taste the salt and pepper on. Advertising showed a small salad on side , I got spinach leaves. I thought over priced for six small pieces.Main I had The Cancutter which was \$24 which consisted of 250gram steak with sauce, topped with fried egg and bacon served with chips and cesaer salad. I asked for medium well steak, which it was when it came out. Meat was a bit tough though. Salad was a green salad with cesaer dressing. Chips hot and yum.
