great experience with the environment, eating was good and personal was friendly. most importantly I eat delicious bbq without me smoke odour, where I have in the rule of other bbq restaurant. In addition, this location would be ideal for those who are looking for a safe location and large space for friends or family meetings. very recommended and will come again [read more](#). What [John Chandran](#) doesn't like about Tealive (sunway Giza

Mall):

The vibe was good but food was disappointing. Bibimbap was extremely wet n lack of flavour even after adding sauce. Sides were fine except their kimchi which tasted below average. Bbq pork tasted good and portion was generous too. In my opinion, they should pay attention to their quality control or to refine their menu. There are many better Korean restaurants out there. Surely, it's also a nice experience to feel like in the Wild West once, to drink and enjoy like the cowboys or even the bandits with a drink or two paired with onion rings and a nice tasty burger, The tasty desserts of the establishment also shine not only on children's plates and in children's eyes.
