Not many cafes can make soy coffees properly but this cafe is an exception. The blend is smooth with and with just enough grit. Takeout is made just as well as in house. Coffee is cheaper if you have in house. Food is always fresh and tasty. Reasonably priced for the area and prompt service- with a smile too. No negatives here- best coffee on George! [read more](#). The place also offers the possibility to sit outside and eat in pleasant weather, and there is complimentary WLAN. What [Bradly Konopelski](#) doesn't like about Avenue On George:

One of my regular work brekky places that have a great range of specials on offer each day. Would like to branch out and try more of the specials and baked goods as they always look delicious. [read more](#).
