bigger of the two places and an insta paradise! very trendy inside and vibe. I had a fish burger with sweet potato frits and a pina colada. the "Fish" burger had no sea taste, seemed like a prepacked frozen burger. the pina colada was very thick in texture and was not similar to a pina colada, more mango in taste? but overall it was a beautiful meal and I would return. Not the worst place, i just had a bad experience. My friend had the loaded potatoes which were honestly bad, very mushy and just a lot of sauces. The bao bun was much better but not a lot of food for the price you are paying. I think this place would be a great place to bring non-vegans or people who want to try out a vegan meal, if you know your vegan fastfood go elsewhere. Thanks to its selection of typical, tasty menus at typically affordable prices, this small yet fine Bistro not only excites with its ambiance, For a snack in between, the tasty *sandwiches*, small salads, and other snacks are suitable. Here they also cook **South American** fresh fish, meat, as well as beans and potatoes, Of course, you also have to try the scrumptious burgers, that come with sides like fries, salads, or wedges served.
