First look for what you want: HotPot sharp, bones, tomatoes or two different. To do this, cross what you want for ingredients: meat, fish, tofu, vegetables and noodles. You can also use the sauces before everything is put on the table. It is best to throw the vegetables so there is also a small taste. You just have to... [read more](#). What [User](#) doesn't like about Hotpot:

The ambience was very nice. The food was all right, but nothing breathtaking. The soups were relatively tasteless, but the selection of toppings is quite good. What we liked is that both a meat eater and a vegetarian card are offered. Unfortunately, the service was not so great. The waitress was super friendly, but quite overwhelmed. That was because the restaurant was well visited and it had to do everything alone.... [read more](#).
