When the weather conditions is good you can also eat and drink outside. What [User](#) doesn't like about Seed Cafe:

Western style cafe that contains several options that are explicitly identified as vegan. The food was pretty good, but not amazing, and the portions were something on the small side. The fine and fresh juices on the drinks menu supremely enhance the menus in the restaurant, The creative fusion of different dishes with fresh and partially daring ingredients is highly valued by the visitors - a nice example of Asian Fusion. If you decide to come for breakfast, you are offered a **hearty brunch**, there are also delicious [vegetarian](#) menus in the menu.
