What a hidden jewel that is. The red and chicken green curry is to die. I've never eaten such a roti in all my travels. Such an old school, heritage type of charm. Nice coffee and so well presented. We came here more than once and loved it. This place is highly recommended for people who stay in the area. [read more](#). What [User](#)

doesn't like about Kope Hya Tai Kee:

Break all the record. I've never waited so long for food in my entire life. Waited 1 hour for the dishes!!! Taste is alright but not worth the waiting Pricey? I can't remember. All i can remember was 1 hour of waiting. The atmosphere of old Siam is great. First star is for the atmosphere. Second star is for .... I don't know. Hopefully they can reduce the waiting time.
