large selection of vegan options, including tapioca "Crepes" (brazilian speciality) and sweet dishes. many thanks to charlie are red (but for their information, bee products like honey and pollen are not vegan .. still great for healthy and vegan breakfast [read more](#). In pleasant weather you can even be served in the outdoor area. What

User doesn't like about Charlie Bistro:

this place has a very beautiful mood. it was a bit dissapointing just to see a vegan breakfast option. the açaí was ok. I'm sure this is great for vegetarian, but there are not many vegan options [read more](#). The succulent and fresh *juices* on the drinks menu supremely enhance the meals in the establishment, for breakfast they serve a tasty breakfast here. Look forward to the enjoyment of scrumptious vegetarian dishes, the restaurant serves also dishes from the European environment.
