(December 2021) it was hard to find because the pencil on happycow does not work with these streets in puerto escondido. it is close to a staircase to a narrow road some rows behind the beach. When we arrived there, the employees almost didn't want to let us in because they close earlier than their opening times written online here, and they always have enough customers to not worry about it. it is a magnet for the hip and cool people and I think it is unimaginable when you look at the crowd there. but eating was worth it, very tasty and fresh, a little expensive, but okay. At Elephant Garden from Santa Maria Colotepec it's possible to **savor delicious [vegetarian dishes](#)**, that were made without any animal meat or fish, Also, the guests of the restaurant love the large variety of differing *coffee and tea specialities* that the establishment has to offer. Of course, the most diverse ingredients are also used in the most unprecedented combinations and variations - according to the motto of the Fusion Cuisine on the menu, Furthermore, the sugar-sweet treats of this restaurant sparkle not only in the eyes of our young guests.
