Ordered Katla curry through zomato. The packaging was ok. Curry was ok a little bland for my taste. Fish was properly cooked with ok freshness. I have tasted better, but not bad if you crave Bengali dishes and you don't want to cook fish yourself. Wish there were more better option like Maa Kali hotel in guwahati with umpteen options of fish. [read more](#). At **@calcutta** in Ghāziābād, they prepare typical Indian spices tasty meals and sides like rice or naan freshly.
