when you call in. they can usually do anything vegan. homemade crusts and broth are amazing to begin. we have a stromboli, vegan with vegan cheese and sweet. delicious! the horses are not vegan because they use an egg wash to cook them. they give them the opportunity to play around with the menu. I have now noticed that they even have a vegan sausage and pepper salad option for regular pizzas. all decent prices. [read more](#). What

while I was excited to find a restaurant serving vegan cheese, overall this was disappointing! we have veggie subs, because all the other, like the aubergine parm, was impossible to make vegan the sandwiches were in order, nothing amazing, but at least it was an option (and it had a gf roll!) updated by previous review on 2021-05-30 updated by previous review on 2021-05-30 [read more](#). Pasquale's Italian And Pizzeria from Lancaster is a good place for a bar to a drink after work and be able to sit with friends or alone, Don't miss the chance to have the crispy and crunchy [pizza](#), prepared straight out from the oven in an original way. The burgers of this establishment are among the highlights and are usually served with side dishes such as chips, salads or wedges, **fine [vegetarian](#) menus** are also on the menu available.
