What [User](#) likes about Juice Press Empire State Building: my smoothie bowl was amazing-i got the green smoothie bowl (padded protein) with granola, Goji berries and almond butter and the service was phenomenal, the guys working made me so welcome in NY, very recomend updated by previous review on 2022-08-06 [read more](#). What [User](#) doesn't like about Juice Press Empire State Building: this filiale of juice press is located in the empire state building. but do not expect to meet king cong: this place is on earth. there are a few places to sit down, but this is tiny and mostly for the delivery. like all juice press standorte that I have seen, this seems to run well, with a lot of tangible and snacks, a few take-out salads and smoothies, juices and bowls. updated by previous review on 2021-12-10 [read more](#). If you're desiring some **spicy South American gastronomy**, you're in the right place: exquisite dishes, prepared with *fish, sea creatures, and meat*, but also corn, beans, and potatoes are on the menu, and you can enjoy here tasty American meals like **Burger or Barbecue**. In the restaurants, there is a wide range of fine and fresh juices offered.
