On this website, you can find the **complete menu** of Epic Espresso from West Perth. Currently, there are **15** courses and drinks up for grabs. A recent visit to this café resulted in mixed reviews. While some customers raved about the excellent coffee, describing it as the best they have found in Perth with a rich and creamy flavor, others were disappointed by the poor customer service they received. One customer had a bizarre interaction when trying to swap out a caffeinated coffee for a non-caffeinated drink and was bluntly rejected. The food was described as average but convenient for a quick snack. Despite the inconsistent reviews, many customers praised the friendly and efficient service, with one person even calling it their go-to morning coffee spot. Overall, the café seems to excel in the coffee department but could benefit from improving customer service and maintaining consistency in food quality.
