Simmos ice cream is always excellent. The apple pie and rocher flavours were great. I found my passionfruit scoop a bit sweet and not passion fruity enough. The double scoop was way too big for me, would be nice to see two flavours offered in the single or kids size (much smaller scoops of each to still sample the flavours). [read more](#). The rooms in the restaurant are wheelchair accessible and can also be used with a wheelchair or physical limitations. What [User](#) doesn't like about Simmo's:

there was not so much change, even if they are applying for more than 100 aromes. the aromen were nothing special. But I got the apple cake tasted and that was pretty good. [read more](#). The large range of **coffee and tea specialties** makes a visit to Simmo's even more worthwhile, Furthermore, the *sugar-sweet treats* of this establishment sparkle not only in the eyes of our young guests.
