Attended a Christmas party here and had a blast! Cocktails tasted great and the service was excellent. My friend couldn't drink any alcohol that night so they whipped up a mocktail for her from freshly-made watermelon juice! Love the underground location and decor. A super cool place for drinks, can definitely see how it won Australian bar of the year! [read more](#). When the weather is nice you can also eat and drink outside. What [Elinore Moore](#)

doesn't like about Brooklyn Standard:

I think Saturday evenings is not the best time to come here if they want to try to eat. they have a live band and their full to the edge. but eating was pretty good. I could have eaten three of the cheeseburgers and the mozzarella sticks, where great. it is a great simple bar menu. [read more](#). In case you're craving some seasoned South American cuisine, you're in the right place: delightful dishes, roasted with **fish, seafood, and meat**, but also *corn, beans, and potatoes* are on the menu, The visitors prefer especially flavorful juices. Most dishes are prepared quickly for you and served, and you can look forward to the scrumptious typical seafood cuisine.
