Whenever we are in Perth we get our fish and chips from Pescado. Their fish is very tender and unlike many fish places, you get the whole fillet thickness. You also get a small extra piece of fish. Chips are always crisp.

Great fish and chip place. [read more](#). What [Tracey W](#) doesn't like about Pescado Seafoods:

3x adults wanting 3 different meals for take away, they wrapped all the chips in one and all the different fish pineapple fritters together in another. Not so handy when your sitting in car and you have to try and split up the order, why wouldn't you wrap them individually !! At Pescado Seafoods from FLOREAT, there are fine sandwiches, small salads and other snacks for quick hunger in between, as well as hot and cold drinks, The meals are usually prepared for you *in a short time and fresh*. Also, the **dishes from the Australian continent** of this place are notable, and you can look forward to the tasty classic [seafood](#) cuisine.
