We went to Allium for my partner's birthday dinner. It was amazing! We went for the 6 course degustation with matching wines and we were so glad we did. Every dish was gorgeous and the wine pairings complemented each one very nicely. Prompt, attentive service and a beautiful space overlooking an open kitchen where we watched the chefs prepare dinner made it a great dining experience! [View all feedback](#). What [Opal Corwin](#)

doesn't like about Allium Restaurant and Bar:

allium has certainly nailed her short of relaxed fine eating. the room has a stylish and clean design. The food is beautifully presented and directed towards perfection. the escaped and desserts were sufficiently portioned, but the nets were easy on the small side and made me wish a bit more (which was not necessarily a bad thing because our net tasted so good / this place is ideal for an intimate evening meal.
