Big call I know but in my opinion they are the best hamburgers in Sydney and don't get me started on the chips and potato scallops. Do t drive past if your looking for a real burger you can't beat it View all feedback. What mrdom doesn't like about North Curl Curl Takeaway:
The plain burger was plain, with a slightly juicy frozen patty and some salad, but might be ok for $7.20. Then it's a big jump to $10 for a steak sandwich or $9 for fried fish with chips starting at $5.50, fish and chips would cost as much as the fancier places by the beach. View all feedback.
