Off in the back streets, but once you find it you'll remember it - great little South Australian business, making frozen ice cream a completely different way - you pick your flavour and they make it there and then in front of you ... you can even make suggestions for new varieties. Can highly recommend the Pavlova flavour :) [View all feedback](#). What [User](#) doesn't like about Scroll:

How interesting Roll up ice cream!! A bit expensive but can have \$1 off when you check in FB. Tables are too low Ikea child table and chair. Not good for sit down and chat. [View all feedback](#).
