Had dinner at this restaurant with my family of 17 guests. The staff were very friendly and helpful, the food was nice and at reasonable price. The serves of food was a decent size so you won't leave hungry. They itemize the bill for you which is great and do not charge for you to bring your own birthday cake. I recommend this restaurant for the family. [View all feedback](#). What [User](#) doesn't like about Taco Bill Geelong:

We came here on a thursday night for the \$20 all you can eat tacos and nachos. The deal only included hard shell tacos, so I ordered a chicken enchilada instead. Unfortunately the enchilada was inedible. It had a strange soap taste and was incredibly greasy. The nachos was average. Not a very pleasant experience although the service was good.
