We found this on a walk on the Esplanade, sat inside out of the wind with great ocean view for our Breaky, Coffee was delicious and huge cups, food also delicious and abundant, good value and cooked superbly. [View all feedback](#). What [User](#) doesn't like about Cafe Blue Bamboo:

Their \$4 coffees are fine except for the price tag but their food is very below average - how can a person ruin poached eggs on toast? The top of my toast was soggy (I think they only toasted one side) and there was no butter so my eggs were tasteless. I had to sprinkle my own salt onto my eggs and my toast to give it some taste. I would have asked for some butter but they're so slow there even though it's not busy.... [View all feedback](#).
