What **User** likes about Hills Gourmet Pizza Co: Ordered the Beirut Pizza tonight, loved the fresh tomato and herbs. What a great combo. We usually order the satay and chich with snow peas and broccoli. It's good too but the one we tried was fab. Love the fresh combo and not gluggy with too much cheese. Different to other pizza places. Well definitely be back!! [View all feedback](#).

What **User** doesn't like about Hills Gourmet **Pizza Co**:

Average **pizza**. Thick crust that was a little soggy (even though I picked the pizzas up and ate a slice immediately after leaving the store). Probably wouldn't return here. Good value for money though but could be a lot more generous with toppings e.g. **seafood** (there weren't even enough prawns for one prawn per slice). [View all feedback](#).
