On this homepage, you can find the **complete menu** of **Abra Wraps** from Brisbane. Currently, there are 20 dishes and drinks available. For **changing offers**, please contact the restaurant owner directly. You can also contact them through their website. The restaurant, which was previously known for its excellent steak burgers, has seen a decline in food quality since new management took over. Recent experiences included undercooked steak and poor customer service. On the positive side, the kebabs and nachos are highly recommended, with food cooked right in front of customers. Despite the changes, some customers still enjoy dishes like the Grilled Chicken burger and find the prices reasonable for a city location.
